ORGANIZER NOTE

The **Credit & Collection Summit Saudi Arabia 2025**, held on **10th & 11th December** at **Crowne Plaza Hotel, Riyadh – King Salman Neighbourhood**, organized by **The Future Event Media and Production** under the theme **“From Riyadh to the World: Shaping the Future of Credit and Collections”**.

The Summit emerged as the Kingdom’s most influential platform for credit management, collections, risk, compliance, and financial technology, bringing together senior leaders from banks, fintechs, NBFCs, insurance companies, regulatory bodies, legal firms, and technology providers from across Saudi Arabia and the wider GCC.

Over two impactful days, the event showcased the evolving credit and collections landscape through keynote addresses, regulatory discussions, case studies, solution presentations, and high-level networking forums, driving knowledge exchange, strategic collaboration, and operational excellence.

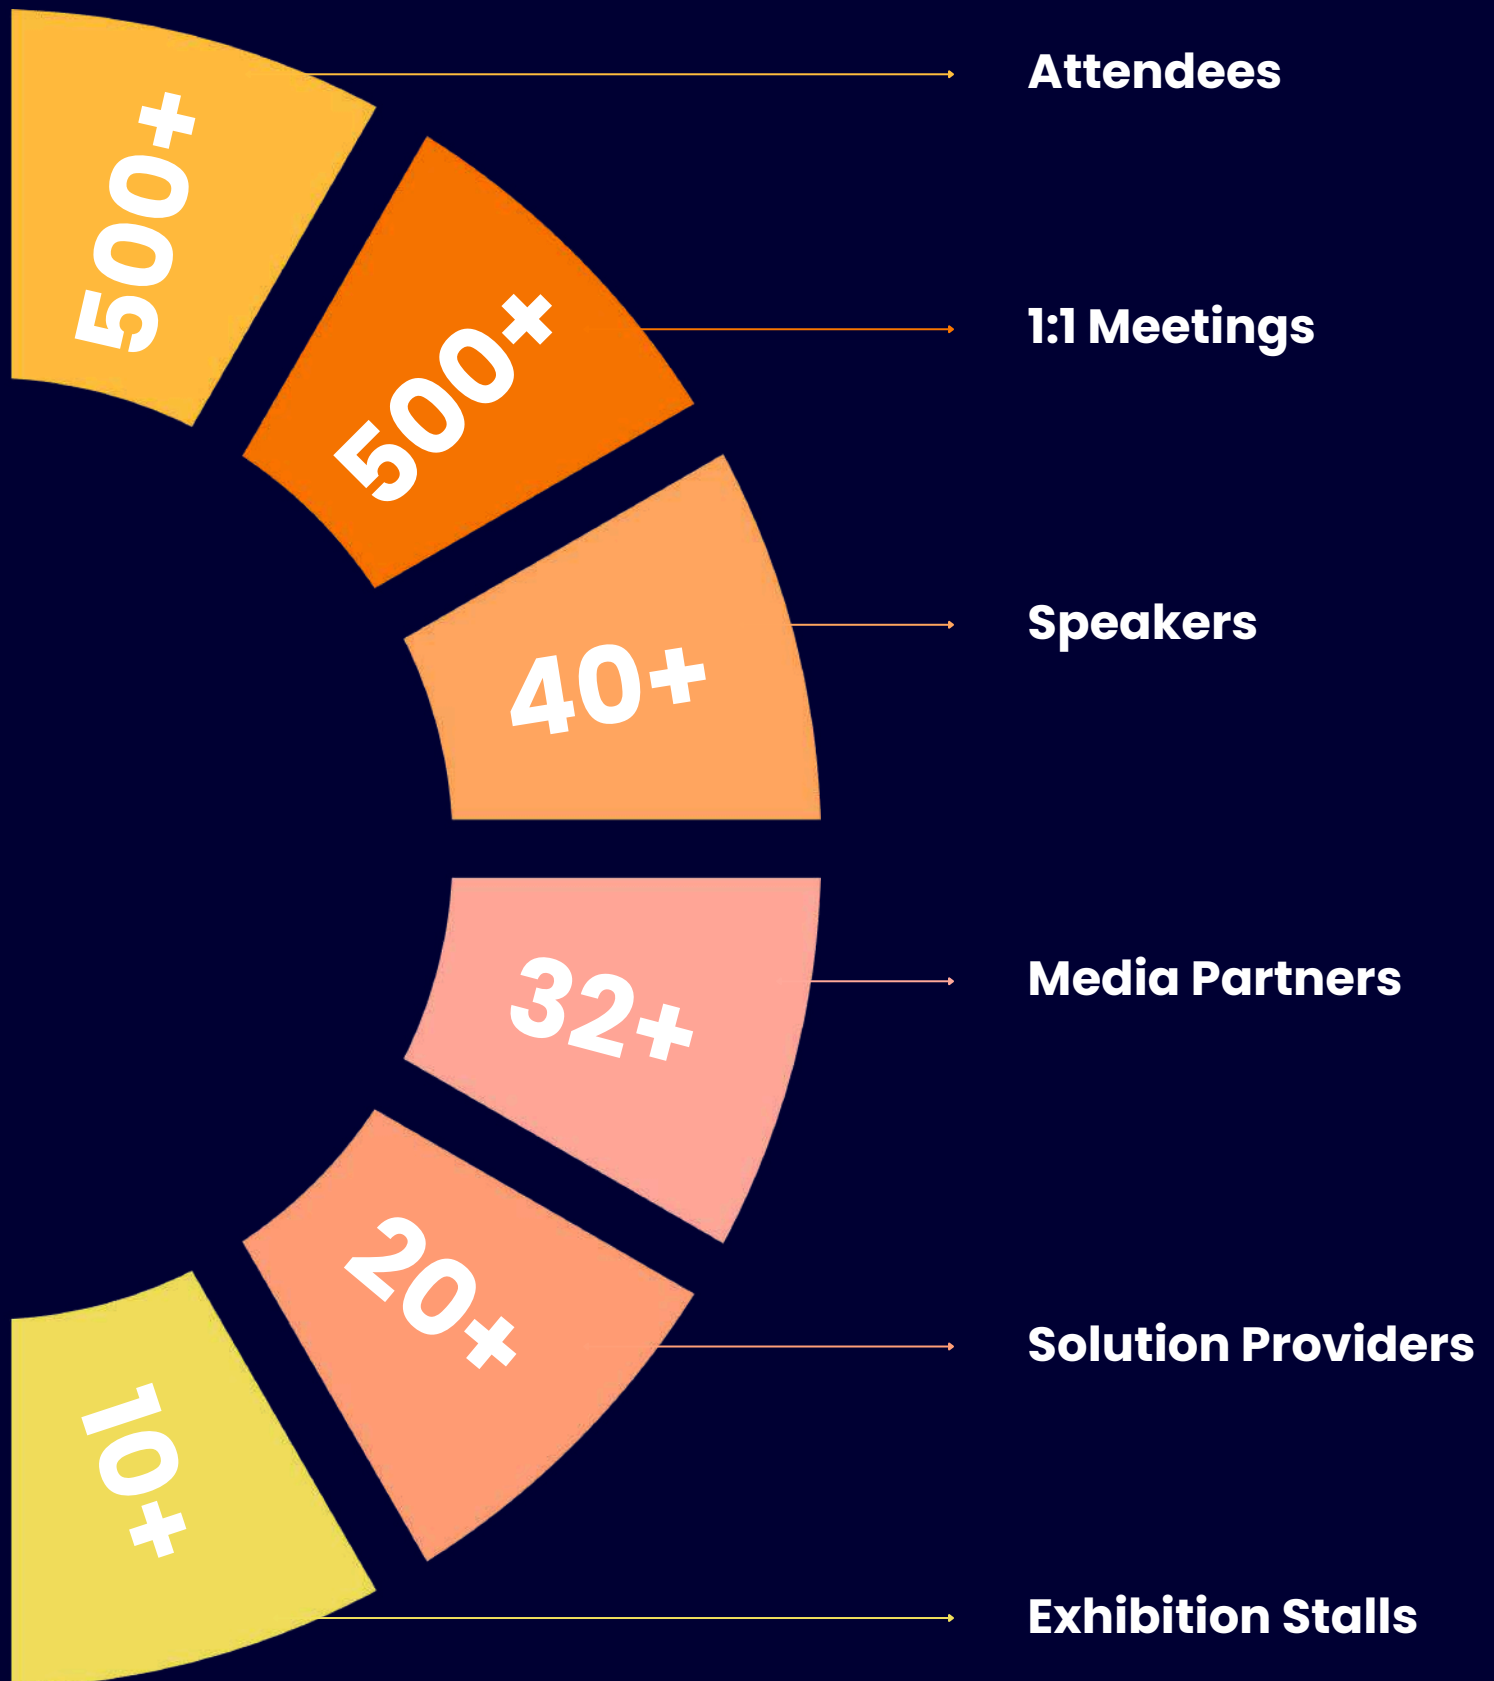

Aligned with **Saudi Vision 2030**, the 2025 edition highlighted digital transformation, financial resilience, and customer-centric credit and collections frameworks, fostering meaningful partnerships and industry advancement.

We extend our sincere appreciation to all partners, speakers, exhibitors, sponsors, and delegates whose contributions made the Summit a true platform for progress, innovation, and collaboration.

Warm Regards,

The future eventTM
